YOU LL NEVER BE MINE
FONGOO

B-G#m-E

come right here
i d still waitin
for a miracle
with your angelic face
my head drop like a falling star

[REFRAIN] **B-G#m-E-F#**

when you say i m sorry
you re not the one for me
i cried loud,.. CALLING your name

[CHORUS] **B-F#-G#m-E-F#**

everytime i see those flickering shadows
up in the sky, i could stand all through the night
every moment you re telling me lies
i can feel it in your heart that you will never be
mine..

(B-G#m-E)

take me away
from the darkness
and from the loneliness
with your spreading wings
my heart shines like a diamond ring

[REPEAT REFRAIN AND CHORUS]
