Hi, guys. This is my third song. Haha.

Intro: **F#m**-**D**-**A**-**E** (x2)

Verse:

    F#m   **D**
If you know that you're living
         A   **E**
But you're dying deep inside,
       F#m   **D**
For you, friend all isn't lost
     A   **E**
You've got a chance to feel alive
   F#m   **D**
Just stand up and carry on.
  A   **E**
Get up and go on with your life.
    F#m   **D**
You've only got this life, so live it.
 A   **E**
Take this chance and do not waste it.

Chorus:
        A   **E**
Don't give up, don't lose hope
    F#m   **D**
There's still a brighter tomorrow.
   A   **E**
Just let your voice be heard.
     F#m   **D**   (intro chords)
Shout it out to the rest of the world.

Verse:
    F#m   **D**
If you think that you're nothing
        A   **E**
That your life has no worth,
     F#m   **D**
Don't believe in what they say;
    A   **E**
Don't listen to their words.
     F#m   **D**
If they think you cannot do it,
  A   **E**
Ignore them; prove them wrong.
