Verse 1:

There ve been times when I thought my prayers didn t even reach the ceiling
Of the room where I knelt to pray
And a voice inside kept asking me did I think God was really listening
To anything that I had to say
But I just kept on praying and holding on by faith
Knowing God is always in control
And I waited like a rose bud in the garden
For only God can unfold the rose

Chorus:

When God unfolds the rose He always gets it right
When the petals are in place it s such a beautiful sight
God knows when to hold on and the perfect time to let go
So let God have His way and watch God unfold the rose

Verse 2:

There are trials and tribulations we must all go through
When it comes to heartaches we ve all had our share
Oh but when times are the hardest we need to hold God to the promise
Said He d never give us more than we could bear
