# Those Days

Godwin Lee

G D  
I know itâ€™s for the best  
A Em  
That now we donâ€™t talk at all  
G D  
Now I see the truth  
A Em  
That I was never meant to fall

**G** I canâ€™t seem to forget you  
**D**  
**G** Somebody tell me what to do  
**A**

**G** **D**  
How can I get over you  
**A** / **Em**  
When I donâ€™t even know how to  
**G** **D**  
I know that I can win  
**A**  
But that donâ€™t mean a thing  
**Em** / **A**  
Cause I donâ€™t have you

G                                D  
Those nights of endless talking

A                                Em  
And saying how much you loved me

G                                D  
Those days are dead and gone

A                                Em  
Now I see you with him

## Prechorus

Chorus

**Bm**                **G**                **D**                **A**  
Every night I think about what we could be  
**Bm**                **G**                **D**                **A**  
But in the back of my head I know Iâ€™m way too weak  
**Bm**    **G**                **D**                **A**  
I come to realize that youâ€™ve already moved on  
**Bm**                **G**                **D**                **A**  
Thereâ€™s nothing I can do you are already gone

(Softly)

**G**                **D**  
How can I get over you  
                         **A** / **Em**  
When I donâ€™t even know how to  
(Hard)

**G**                **D**  
I know that I can win  
                         **A**  
But that donâ€™t mean a thing  
                         **Em** / **A**  
Cause I donâ€™t have you
