Hi guys!! Hehe

ANYMORE

Verse 1:

**D** **A**  
Do you see the memories that  
**G** **Em** **A**  
brought us to where we are today  
**D** **A**  
All the struggles and the hardships  
**G**  
we have faced  
**Em** **A**  
can't come close to the friends we made  
**D** **A**  
And all the years have passed us by  
**G** **Em** **A**  
each moment we would always try  
**D** **A**  
to leave out the goodbyes,  
**G** **Em** **A**  
and say hello or hi.

Prechorus:

**Em**  
But then, all my friends  
**G**  
I may never see once again.  
**D**  
From the first hello,  
**C**  
we end with this goodbye~

Chorus:

**D**  
We've grown with all our friends  
**A**  
we've done all that we can  
**G**  
we're never backing down  
**Em** **A**  
anymore...  
**D**  
all the things that we have said  
**A**

the tears that we have shed

**G Em A**

are growing into smiles,

**D A**

But for now all I have to say

**G Em A**

is goodbye.

Verse 2: (Same chords as Verse 1)

I remember when we d never

laugh out loud,

about the secrets that we d share

All our voices all match tone, oh

look at where we have gone from there

And the math was 1-2-3,

and when reading was ABC s

oh how, I miss the times

when it was hard to make these types of rhymes.

Prechorus:

Even with the hands you lend

I m doing everything that I can

just to stay with you,

to know my friends are true,

I ll try~

Chorus

Rap (I dunno, sorry :-j)

Instrumentals

Bridge:

**Em**

Tomorrow s another day

**Cadd9**

tonight s not the end I say,

**G A**

let s walk the path we chose once more.

**Em D**

Let s party til our eyes are sore~

(Chorus chords :D)

We re better than before,

this is what were all here for

Time to thank you all,

for the years.

That we ve been hanging on

melodies of all our songs

are playing in my ears.

But the memories I hear,

don t say bye.

CHORUS

Solo:

**Em**

Oh how I miss the days

**Cadd9**

when we were just this tall

**G**

when we'd catch each other

**D**

**A**

before the fall

**E**

Listen to my call,

**Am**

I haven't said it all

**Em**

Oh how I miss the times

**Cadd9**

the ordinary days

**G**

**D**

**A**

when all we'd do was run around and play

**Em**

I still have debts to pay

**Cadd9**

and knowledge still to gain

**G**

**D**

but for sure it's not goodbye, just yet

Chorus, acapella
