Graham Pratt - Ive Got To Get Out Misc Unsigned Bands

I ve got to get out c. Graham Pratt 1986. I came up here two weeks ago, they said that you will die, you lie in bed so weak and ill, they say that you will die. I ve got to get home where my friends are cos they know me and they can see from afar that i m crying inside and the tears that I hide Oh i ve got to get out yeah I ve got to get out G D A oh oh hoh ... I sat with you right through each night, but you don t want my help I could go home where my life is ok cos you don t want my help. Oh I ve given you every ounce of my love but you just make me cry, when you needed something I was there but still you made me cry. I ve got to get home where my friends are cos they know me and they can see from afar that i m crying inside and the tears that I hide Oh i ve got to get out yeah I ve got to get out G D A oh oh hoh ... You look at me with your kranky eyes, see I m as tired as hell the nurses here seem to understand that i m as tired as hell oh I need compassion and I need some love or I am going to die

everyone takes then they give me a shove, I know now I will die.
