Erm this is my first tab I ve done but this is a great song and I didn t notice many songs here aside from Jay Chou (and none by Guang Liang). I got the lyrics and translation <http://chinesemusicblog.com/forum/viewtopic.php?id=240> but they were a little off so i them a bit... I worked hard to make sure that this is accurate as I can make it. That said I don t really know who would be looking for this song but if you are, hope you (: P.S. I don t know if Guang Liang is unsigned or not but if he isn t I m sorry =.=

...I generally play this song using one strum for each chord, as it s a slow piano song doesn t really work with a lot of strumming, but go ahead and figure out something else it works better for you.

Tuning: Standard
