

**Hannah Georgas - The Beat Stuff**

**Misc Unsigned Bands**

hannah georgas is an up and coming indie songstress out of vancouver. this is her song the beat stuff ,which i have tabbed out from watching/listening to the live video.it s only my second tab so its credibility is questionable but i tried my best. questions, comments, corrections, joke of the day, etc, you can reach me at rc\_me@hotmail.com.

the bm might not be the right name but i couldn t think of what other chord it could be. if anyone else knows that would be great.
