CGCGCGA **C** **G**
Curly locks of hair
C **G**
Blowing through the winters air
C **G** **Am**
And you're just sitting there passing the time
C **G**
Floating down the river
C **G**
From earlier brother sister
C **G** **Am**
And you're just left drifting down the tide

F **C**
And I want to find you
G **Am**
Living out the dreams you had
F **C** **Am**
When you were just a little girl
F **C**
And I want to hold you
G **Am**
When this broken world gets scary
F **C** **G**
Cause you're still just a little girl

C **G**
Well your eyes bring to me
C **G**
These early memories from the sea
C **G** **Am**
As your drinking coffee slowly next to me
C **G**
Girl you got a smile

That can drive the young boys wild

But instead of smiling god you choose to frown
