My complexion is white

**Em**    **B7**  
Windows slamming near the roof tops  
**C**                            **C/B**                            **A7**  
Flickered lights are turning black  
**Em**                            **B7**                            **Em**   **Em/G**   **A7**  
I can t keep the shadows off my back

**Em**    **B7**

Every time my eyes they wander  
**Em/G**            **Em/F#**                    **Em**  
Eyes they look to the night  
**C**                            **A7**  
Every time my mind it wonders  
**Em/G**            **Em/F#**                    **Em**  
Mind is twisting my sight  
**A7**  
My sight  
**Em**   **Em/G**   **A7**  
My complexion is white  
**Em**   **Em/G**   **A7**  
My complexion is white  
**Em**   **Em/G**   **A7**  
My complexion is white
