

Hey Ocean - Alleyways
Misc Unsigned Bands

This is my first tab and I m sure it s accurate however, feel free to use as a rough guide. Any section can be picked at your leisure.

There are 3 basic sections to the song excluding the outro (which I tabbed a little shady I know). I ve named them verse, pre-chorus and chorus.

Some of the metre and timing in this song is strange but I m sure you just need to listen to it for rhythm and changes. Good Luck!
