If I die young
                    D
Bury me in satin
Lay me down on a
bed of roses
Sink me in the river,
at dawn
Send me away with the words
of a love song
G
Oh oh,
                                   Α
                           D
the ballad of a dove
Go in peace
and love
Gather up your tears
                               D
Keep em in your pocket
                          Α
                                                                                D
Save em for a time when you re really gonna need them
                         G
Oh, the sharp knife,
of a short life
Well, I ve had just
enough time
                                   G
So put on your best boys
                               D
And I ll wear my pearls
```

End: [Strum down, open; Strum up, A; Strum down, open]
