

Hotel Cinema - Fire Escape
Misc Unsigned Bands

I did this chord chart on piano but its meant to be picked on a guitar so a lot of this song has to be from listening to it to get a feel for how to play it on whichever instrument.

During the verses where they have the first chord sustained, they alternate within the lead guitar between sus4 and sus2- listen to the song for the main instrumental melody.

[Verse 1]

C#

Oh god this hurts. I m holding myself together, I m doing your work.

(**C#**)

You say the damage has been done, and there s not use carrying on like we re
