Summer Days

**Em**                          **C**  
Today is the passing of everything

**Em**                                  **D**                                  **G**  
Today is the passing of the day I loved you so

Interlude: **Em C D G** x2

Chorus:

**G**                                  **D**  
Now I think of that summer day

**G**                                  **D**  
The day that we met face to face

**G**                                  **D**  
The day that I had no regrets

**Em**                                  **D**                                  **G**

But now itâ€™s all to shame  
(interlude)

**Em**                                  **C**  
Itâ€™s not like it was before

**Em**                                  **D**  
It doesnâ€™t feel the same

Chorus x2

not one of my better songs
