Chorus: **G, D, Em, C**

Intro: **G, D, Em, C** x2

Verse:

**G** **D**  
We left Stockholm quiet awhile ago  
**Em** **C**  
Now all I can see is a long painted road  
**G** **D**  
We bought a nice car instead of renting a wreck  
**Em** **C**  
to sell when we return to get the money back

We left all of our deeds behind

Now all I can think of is the snow and the sunshine

And all that I for sure can say is I m glad to be on my way

Pre-chorus:

**Bm** **C** **G** **D**  
We ve been working hard trying to save all of our money  
**Bm** **C** **G** **D**  
When we get there it better be glistening snow, It s not it  
**Bm** **C** **G** **D**  
All I know for sure is that I am on my way

Chorus:

**G** **D** **Em** **C**  
I m Heading for the mountain x4

2nd verse:

**G** **D**  
We were three but then Emil came  
N.C  
He s a lacy motherfucker, but then whos to blame  
**G** **D**  
Our car is locked and loaded for the road and the adventure  
**Em** **C**  
We brought to much stuff but at a whole other dimension  
**G** **D** **Em** **C**  
That we left our own deeds behind, now all I can think of is the snow and the

sunshine
