

**It Can Only Get Better**  
**Misc Unsigned Bands**

This is my first entry in the Ultimate Guitar site, so please let me know if you have suggestions.

These chords are according to this version:

[www.youtube.com/watch?v=Ogu0sdlfHNw](http://www.youtube.com/watch?v=Ogu0sdlfHNw)

The song is in E Major, but I have transposed the chords down one whole step so it is to play. To play along with the song, Capo the second fret.

The chord changes are not always aligned with the beginning of a word, since the rhythm the lyrics tends to be in syncopation (off beat). Just listen to the song, and you can where the chords change.

D                    A                    Bm  
Let the sun refuse to shine

G                    D                    G                    A  
It won t be long before the days are brighter

**D**

Can only get better...

```
e|-0-----5-----3---|
B|-3-----2-----2---|
G|-2-----2-----2---|
D|-2-----2-----2---|
A|-0-----0-----0---|
E|-X-----X-----X---|
Asus A9 A7
```

\*Note: The chords Asus, A9 and A7 are put in for effect, and are not necessary. However, believe the song sounds better with them.

-Also note that the patterns where Asus and A9 to A7 are used can be interchanged since are used for the purpose of leading to the next phrase.

For example, the phrase originally

```
G Bm G
For all the clouds up in the sky
G Bm A(sus)
For all the teardrops in our eyes
A D
It can get only get better
```

Can be done with A9 and A7 chords as follows:

```
G Bm G
For all the clouds up in the sky
G Bm A(9)
For all the teardrops in our eyes
A(7) D
It can get only get better
```
