Bridge: **Em G C D** x2

[Same chords as before]

Traffic jam in my head

empty bottles on the floor
Thinkin of what I should ve said
You ve been asking me for more
Broken dreams drenched in memories
pictures burning down the wall
Now it s time to wake up
I ll be there if you fall

Today will be my day
everything will go my way
Today I won t fail
and I know that I won t break
