Em **C**
And I see you with your man and it s hard to understand
G **D**
If we belong, if I did you wrong, where we even began
Em **C**
We would always fuss and fight and it seems nothing was right
G **D**
But I loved you girl and you were my world but you d never trust this guy
Em **C**
Cause the things I do when I m on the stage, they say I m a superstar
G **D**

You couldn't understand all the female fans and then we grew apart

Em **C**

And I just don't get when you're acting like some other person

G **D**

But I try my best to hold on at the times when it ain't working

Em **C**

And everytime that you say it's over it breaks my heart and I don't know why

G **D**

Cause you've done it a lot of times in the past but I get back up and try

Em **C**

You said we could work it out, how could you hurt me now

G **D**

And you moved on to the next, I'm left with an imperfect smile

(Chorus)
