I ve got a very troubled mind

I know I give my time

But it s a long way down the line
G **C**
Lately I m scared of being alive
F **C** **G**
I ve got my own dog barkin when I walk inside
G **C**
Though what s the use of holding my pride
F **C**
I ve only got one shot
G
At being alive

CHORUS:

F **C**
I m in some head high water
F **C**
Whiskey wallow

I told my father I d carry on his name

With my sons and daughters
F **C**
Raise them taller
F **C** **G**
And I hang my head beneath the tin roof rain
F
When I get through
G **C**
These fur coat blues

VERSE 2:

I though awhile bout what to do
I had me a case of them fur coat blues
But that ain t nothin new
I ve been here a time or two

Lately I m scared of being alive
I ve got this hesitation and it s running wild
But what s the use of living in doubt
I ve only got one shot
Till my time runs out

CHORUS:

I m in some head high water
Whiskey water
I told my father I d carry on his name
With my sons and daughters
Raise them taller(?)
And I hang my head beneath the tin roof rain
When I get through
These fur coat blues
When I get through
These fur coat blues
