Title: It s Over

Verse 1:

**C** **G**  
We started out like the perfect story on the heels of a beautiful lie  
**Am7** **F**  
Didnâ€™t know you were holding a secret aside (yeah)  
**C** **G**  
I used to be the one with all the glory standing like a soldier on the front  
line  
**Am7** **F**  
Till you came and stripped me of all of my pride (yeah)

Pre-chorus:

**C**  
But Iâ€™m back and ima tell you how its gunna be  
**G** **Am7**  
Subtract any possibility of me

Donâ€™t ask cuz I donâ€™t know the answers

**F**  
And Iâ€™m hanging up the phone

Chorus:

**C** **G** **Am7** **F**  
Itâ€™s over, said itâ€™s over, yeah itâ€™s over, goodbye  
**C** **G** **Am7** **F**  
Itâ€™s over, said itâ€™s over, yeah itâ€™s over, goodbye

**C**  
Well I donâ€™t need to give you one good reason  
**G**  
I hope youâ€™re ready for your empty bed  
**Am7** **F**  
I donâ€™t care if you fall to your knees and cry (ooo)  
**C** **G**  
So many times I tried to beat you, you broke me after I brought you in  
**Am7** **F**  
I was cold all alone I was losing my mind (mind)

Pre-chorus: 1x

Chorus: 1x

Bridge:

**C** **G** **Am7** **F**  
And you grow, and you grow, and you grow, stronger from your past

**C**        **G**        **Am7**                                **F**                                **G**  
And you grow, and you grow, and you grow, stronger from your past

Chorus: 1x

Last part:

**C**                                **G**                                **Am7**                                **F**  
Itâ€™s over, said itâ€™s over, yeah itâ€™s over, goodbye, stronger from your  
past

**C**                                **G**                                **Am7**  
Stronger from your past, itâ€™s over, said itâ€™s over, yeah itâ€™s over,  
**F**                                (strum)**G**  
goodbye, stronger from your past

xxDone by ear, hope it suits the song! First time making a tab. (:
