

**Jason Castro - The Other Side**  
**Misc Unsigned Bands**

Ok, this is my first time to do this. I love Jason's music and his style. I'm pretty sure my chord progression is right. At least it sounds right. On the intro and the choruses he backpicks the B minor. If you have any comments please email them to me at jbhuffman@hotmail.com. Also, if anyone has the chords for any of his other songs, originals or covers, please let me know.

Verse 2:

I remember the time outside your house  
The words came easy, then you kissed me on the mouth.  
It was so easy in the dark  
Now I don't know where to start  
And I've been thinking about you day and night  
And every now and then I think I might've  
Found just what to do  
To make my way to you, cuz

Chorus
