Song: Brain Stew Slash Jaded
Artist: JASON MOOR

[Verse I

G **E** **D**
If we could talk or walk away,
G **E** **D**
from all of this we just make,
G **E** **D** **C**
it to the part in life where we stop looking.

G **E** **D**
Now you don't know what I want
G **E** **D** **C**
And you won't ask so what's the point in trying

[Chorus

G
So Take a look, and two steps back
Em
Can't read the book, can't call you that
C
You're On the ground and I'm brain stew slash jaded

[Verse II

G **E** **D**
Far to many faces stock,
G **E** **D**
We say hello and then we stop,
G **E** **D** **C**
But no one really gives a fuck these days

G **E** **D**
I used to think the world was wide
G **E** **D**
It's oh so low for not so high
G **E** **D** **C**
But later on they tell you to stop giving

[Chorus

G
So Take a look, and two steps back

Em

Can't read the book, Or right the facts

You're On the ground and I'm brain stew slash jaded
