CRAWL

F Am Eb Bb (x2)

It s good to be a memory
As long as you smile when it comes back
And it makes you miss the little things
All the places we ve been at
I never really thought about it
Its a kindness that you ve shown me
For you to help me make a beautiful thing
Cutting through the hate and jealousy

CHORUS

F C Dm Bb (x2)

But it s cold in here
I m getting desperate for some confirmation
That I m not the only one making the next move
Not the only one left with something to prove
It s getting cold in here
And her hand can t possibly warm your cold heart
I know you re strengths I know you walls
She can make you walk I can make you crawl

F Am Eb Bb (x2)

The lines on my face, start where my smile breaks
And it s all thanks to you
Cause you made me laugh when I didn t want to
And the tears falling from my eyes, are my best disguise
To keep me from saying what I want to
But it s the way I really feel about you

CHORUS

BRIDGE

Dm Bb F C (x2)

I can t bare to let you in again
Its only gonna lead us back to the start
And the lessons I ve learn from you
Is that it s easy to play games with ones heart

Dm Bb Dm Bb

It will just be broken again
But it may be worth it again
Can t make up your mind again
Gonna fall right back in love again
