CROSS MY HEART

**D - Bb C (x2)**  
**Dm A/Db Am/C G/B (x4)**

Took a shot, straight to your heart  
With my loaded trigger finger  
In my mind, I took my time  
Made you squirm, made the nightmare linger  
Everyone cheered me on  
Apparently nobody likes you  
Walk away, another day  
Until the next time, I ll just have to

**D - Bb C (x2)**  
Cross my heart and hope to die  
But not before you do  
I can think of reasons why  
I should save the world from you

**Dm A/Db Am/C G/B**  
**Dm A/Db Am/C G/B (x4)**  
Misunderstood, and overlooked  
But everyone seems to know it  
You re covers blown, you should ve known  
Maybe you are just that stupid  
Funny how, you see it now  
You lost your touch and control  
Long ago, but you never know  
When someone like me will take hold

CHORUS

**Bb - D - (x3)**  
Mama didnt t know but everyone said  
That you are just a dirty little thing  
I know you sit at home thinking  
Tug of war is a one handed kind of game  
Imagining all the twisted  
Little things in your mind they come alive  
**Bb C**  
You have helped me  
Create my own little monster inside

**Dm A/Db**  
I held you high  
I helped you climb

Should have pushed when I had the chance  
Your pedestal was a little low  
For a man of your lack of substance
