WANT ME NOT

Cm Eb Bb (x4)

All the pieces of you
Never fit together the way I meant them to
We built something stronger than a heart can take
A bitter sweet fantasy my best mistake

Ab Eb Bb (x2)

You re my want me not
You re my love me not

Eb Bb/D Bbm/Dd Ab

And it s just one more reason to say goodbye
Just one less reason for me to cry
One more lesson I can t afford to learn
Another opportunity to cross bridges I ve already burned

Cm Eb Bb (x4)

And you still want to be next to me
Still want to feel the things that we will never see
You kept me thinking that there was some possibility
Of me lovin you, lovin me

Ab Eb Bb (x2)

You re my want me not
You re my love me not

Eb Bb/D Bbm/Dd Ab

CHORUS

All of the beautiful words you always said to me
Are all the beautiful things that can never be

You re my love me not
