

Jess Szalek - Velvet Crush
Misc Unsigned Bands

capo 5th

intro: **Am, C, G**

Am C G
If you saw me the way that I feel now
Am C G
I can't remember when I ever felt quite this bad
Am C G
Everything turns on you all at once
Am C G
I can't seem to put myself into words
Am C G
I want to make you understand exactly how I feel
Am C G
rejection fell when I wanted more

Am Em F G
But it's draining on me again

Am
I want to be here
F
I want to be yours
C G
I want to be happy and secure
Am
I want to be safe
F
I want to be calm
C G
I want to be anywhere that's in your arms

(repeat verse chords)
Let go for me, I'd wait so long for you
I know that sounds love infested and ridiculous
but does she make you want to smile?
I count down the days till you come back to work
A velvet crush on home and leaving time creeps up again
If you knew what you got yourself then

(2nd chorus)
I want to be free
I want to be strong
A love that gets better as it comes
I want to be there
I want you to care

when all I have to give is that laughing stare
