=== Verse 1 ===

```
   C#                        A
I m told the girl s a total air-head,
C#                                    A
(she) cares nothing for fine wines and culture that s a fair bet.
        C#                  A
She s got nothing up stairs at all,
C#                          A
   She apparently drives any body who s any body up the wall...
```

=== Chorus/Bridge thing 1 ===

```
          G#
But that s okay
              C#
Cause I m the same;
G#                      C#
 Stupid as Hell and I m the same,
   F#                    (G)-G#...* (let ring)   C#m5      A5
We might as well have the same name, cause we re a match.
```

C#m5 **A5**

=== Verse 2 ===

```
   C#m5                      A5
I m told about the way she got stuck in a lift this one time,
   C#m5                          A5
She sat there for 6 hours and never thought to pull the alarm the whole time
      C#m5                A5
She s got nothing up stairs at all
    C#m5                        A5
I ve known her for 2 years and she still calls me Paul...
```

=== Chorus/Bridge thing 2 ===

```
         G#m5
But that s okay
                     C#m5
She s not to blame,
      G#m5                    C#m5
She s so pretty she doesn t need a brain,
   F#7                (G)-G#G# (let ring)   C#m5      A5
We might as well have the same name, cause we re a match.
```

= interlude =

C#m5   **A5**
(continue over solo)
C#m5   **A5**

=== Chorus/Bridge thing ===

          G#m5
But that s okay,
             C#m5
Cause I m the same;
G#   C#m5
 Stupid as Hell and it s no shame,
     F#7   (g)-G# (let ring)   C#m5
We might as well have the same name, cause we re a match.
