

Jonas Selander - Shopping Carts And Broken Hearts
Misc Unsigned Bands

I m so fucking tired of having to hate everything
yea but that s hard with capitalism colonizing every thing
They say it can enslave our bodies
but it could never reach our hearts
but that s lies we re all sheep
though some have superman disguise
So let s talk straight
D you want to reach my heart?
Look between the shit in my shopping cart
You ll find me somewhere between drugs, fear and apathy
in front of the TV
My TV
yea the TV
In this life I lead from my couch to misery...
