Maybe I should I tell you, the way I feel
And let these hidden dreams, finally be revealed
Do you even notice, the way I stare
I can't help but wonder, if you even care

G Am

How I care about you

G F

Do I dare tell you the truth

C, E, Am, F

I'm your undercover baby
And I wonder if it shows
How much you really mean to me
I just gotta let you know
I'm your undercover baby
About to lay it on the line
I wish I had the words to say to make you
Make make you m-I-ne, m-I-ne, m-I-ne
My undercover baby
Thought I caught you throwing, a look my way
Yeah I spied you through my sunnies
I hope it's not too late
Cause it's 24/7 you're on my mind
And baby I'm in heaven
Every single time

G Am

That I catch your smile

G F

Did you know it's driving me wild

C, E, Am, F

I'm your undercover baby
And I wonder if it shows
How much you really mean to me
I just gotta let you know

About to lay it on the line
I wish I had the words to say to make you
Make make you m-I-ne, m-I-ne, m-I-ne
My undercover baby

G
Should I play it old school and send a letter

Or stand outside your window and serenade ya

Knowing that you feel it too

I wonder if it shows
How much you really mean to me
