Watching the sun set in the distance  
G C D  
Lying down with her in my arms  
C D G  
But does she know how much i love her?

G C D  
I whisper gently in her ear  
G C D  
The words that only true love speaks  
C D G  
The words, so simple, so precious

Oh does she know the words of love worth speaking  
G C D/F#  
Does she know the words I long to say  
G C D/F#  
Does she know how much I long to tell her  
C D/F#  
That I love her

G C D  
Her head rests gently on my shoulders

The stars in her eyes shine like diamonds

G C D  
Watching the sun go slowly down
