G C D
Watching the sun set in the distance
G C D
Lying down with her in my arms
C D G
But does she know how much i love her?

G C D
I whisper gently in her ear
G C D
The words that only true love speaks
C D G
The words, so simple, so precious

G C D/F#
Oh does she know the words of love worth speaking
G C D/F#
Does she know the words I long to say
G C D/F#
Does she know how much I long to tell her
C D/F#
That I love her

G C D
Her head rests gently on my shoulders
G C D
The stars in her eyes shine like diamonds

She s so precious, so beautiful

G C D
We just lie there, hand in hand
G C D
Watching the sun go slowly down
C D
How much I love her
