Misc Unsigned Bands

CAPO III

G A7 C G G C A7

C G
I woke up to the sound
Am Em
As the missiles hit the ground
Am Em G
And a storm erupted like you ve never seen

C G
The sky was burning red
Am Em
From their graves did rise the dead
Am Em G
Decomposing, ravenous and green

G A7
But thereâ€™s nothing to fear
C G
Cause the monoliths are here
G C A7
Towering over our heads

C G
One thousand foot machines
Am Em
Equipped with jets and laser beams
Am Em G
Shield us from instant demise

C G
They open up the doors
Am Em
As we all clamber aboard
Am Em G
Leaving our homes and our lives

G A7
And once the ground is clear
C G
We let out a grateful cheer
G C A7
As the monoliths propel us into space

C G

We thought weâ€™d never see the day
 C **G**
When theyâ€™d be taking us away
 C **G** **D**
To see the galaxy and all of the stars
 C **G**
Though it would be wrong to say
 C **G**
That everything is okay
 C **G** **Am**
Itâ€™s kinda hard to feel bad when youâ€™re far
 Em
So far away

C **G**
So weâ€™re searching through the galaxy
 Am **Em**
To find a place where we can be
Am **Em** **G**
Prosperous and happy forever more

C **G**
There is no anxiety
Am **Em**
In our space society
Am **Em** **G**
As long as everyone does their chores

G **A7**
Yes because you see
 C **G**
Weâ€™re all part of the machine
 G **C** **A7**
The monoliths that hold the human race

C **G**
We thought weâ€™d never see the day
 C **G**
When theyâ€™d be taking us away
 C **G** **D**
To see the galaxy and all of the stars
 C **G**
Though it would be wrong to say
 C **G**
That everything is okay
 C **G** **Am**
Itâ€™s kinda hard to feel bad when youâ€™re far
 Em
So far away
