**Julia Sheer-The Hardest Thing**
**Misc Unsigned Bands**

This is Julia s version of The Hardest Thing. It s higher than Tyler s so girls will be
able to sing it too.

*Capo on the 2nd fret*

First Verse:

**Em**          **G**
Still framed photographs

    **D**          **A**
Of you and me together

**Em**          **G**                **D**   **A**
Are all I have of me and you anymore

**Em**       **G**
We were so in love

      **D**                        **A**
And we thought it d last forever

                **Em**
But in the storm

          **G**
We were torn

Chorus:

      **Cadd9**              **Dsus4**
And I won t forget you I don t regret you

          **A**                              **Em**
But the hardest thing I ve had to do is live without you

      **Cadd9**          **A**                  **D**

```
And I wonder why we both walked away

     Cadd9              Dsus4
I ve tried without you, cried about you

      A                              Em
Now turn around come back so I don t dream without you

       Cadd9           A          D strum once
And I promise I will make you want to stay

Second Verse:

Em           G
I m digging deep to find

    D               A
a way that we can both be

Em         G              D              A
Wrapped up in each other s arms for one more day

Em           G
We ve had our time to think

      D               A
but still i m feeling empty

         Em
when you say

            G  A
that you won t stay

Chorus:

     Cadd9              Dsus4
And I won t forget you I don t regret you

       A                              Em
But the hardest thing I ve had to do is live without you

     Cadd9      A           D
And I wonder why we both walked away

     Cadd9              Dsus4
I ve tried without you, cried about you

      A                              Em
Now turn around come back so I don t dream without you
```

```
      Cadd9              A            D strum once
And I promise I will make you want to stay

Bridge:

Cadd9          G
I m sorry for all I did

D                    A
What I said and the things I hid

    Cadd9          D
I m finally over me

            A
The past is through

Cadd9              G
I can t imagine where I d be

D                    A
If you had never rescued me

   Cadd9              D
You gave me hope to live

A
Now i need you

Em
 Cause I need you

Chorus:

     Cadd9              Dsus4
And I won t forget you I don t regret you

      A                              Em
But the hardest thing I ve had to do is live without you

    Cadd9      A            D
And I wonder why we both walked away

   Cadd9              Dsus4
I ve tried without you, cried about you

   A                              Em
Now turn around come back so I don t dream without you

     Cadd9              A            D strum once
```

And I promise I will make you want to stay
