**Misc Unsigned Bands**

Just Another Day by Kenneth Kalinisan  
Not sure on these chords  
**E/C** : 022033 ??or something like that  
**C9**: 032030 ??

Versel: **G-C9-E/C-D**  
My body feels so weak  
From the troubles that I keep  
Oh how I wish that you were here

Cuz the very sight of you  
Sitting here by me  
Gets me right back up again

When I think I shouldâ€™ve left  
This town that makes me SICK  
I get a feeling of regret

Cuz the memories of you  
Most of which were here  
Reminds me how much fun we had

Chorus: **G-C9-E/C-D** x2  
**E/C-C9-D-G-C9-D**  
How I miss you  
The one who makes me smile  
How I love you  
For brightening up my sky  
And when all hope  
Seems to fade away  
I remember the promises we made  
When I think of you

Verse 2:  
Just another dream  
With scenes that seem so real  
Oh how I wish theyâ€™d go away

Cuz the simple thought of you  
Smiling back at me  
Makes me yearn for you again

Chorus:  
How I miss you  
The one who makes me smile  
How I love you  
For brightening up my sky

And when all hope  
Seems to fade away  
I remember the promises we made  
How I miss you  
The one who makes me smile  
How I love you  
For brightening up my sky  
And when all hope  
Seems to fade away  
I remember the promises we made

Bridge???: **E/C-D-G**

So Iâ€™ll keep waiting here  
And go on through my days  
Oh Iâ€™ll keep waiting here  
And go on through my daysâ€|  
While I think of YOU-  
-Keep waiting there  
And go on through your days  
Oh you keep waiting there  
And go on through your daysâ€|  
While I think of you

**G-C9-E/C-D**

Just had another dream  
I wish that you were here  
Then it would be real..
