Just Me  
Kat Ritter

I wrote this on my own. The whole song you only play the two highest strings. I would figure out the guitar part first and then the vocals. The tabs match up to the chords that match up to the lyrics. I know it doesn't make a whole lot of sense but I personally can't read a tab and lyrics at the same time. There is no capo and the tuning is standard. I do it finger picked. Intro is just the G or the chords/tab for verse one. I close it with the chords from chorus and bridge followed by a full G chord.
