She d hide away behind a door she kept locked

**G**

**D**

But the walls weren t thick enough to block out

**Em**

The angry noises of the voices that once soothed her to sleep

**C**

And she lies tonight

**G**

**G**

Underneath the caving roof

**D**

And she cries tonight

**Em**

**D**

Wondering what she can do

**C**

And she tries tonight

**G**

Remembering who she once knew

**D**

But they ve died inside

**Em**

This world can be so cruel

She lives her life as a broken tool

And she believes she s unable to fix this broken machine

And what s the use to throw yourself at love

**G**  
If in the end it never seems enough  
**D** **Em**  
To be able to get through all of a life s broken dreams  
**C**  
She watched her father live in regret  
**G**  
She heard her mother cry in an empty bed  
**D** **C**  
And she swears this is the best life gets

[Chorus]

**C**  
Oh, and she lies tonight  
**G** **G**  
Underneath the caving roof  
**D**  
And she cries tonight  
**Em** **D**  
Wondering what she can do  
**C**  
And she tries tonight  
**G**  
Remembering who she once knew

Another empty bottle takes a life

**Em C G D**

[Verse]

**C** **G**  
And every little bit, every little bit of her wants to see the light  
**D** **Em**  
Oh, but every single night another little bit of her dies inside  
**D**  
She s trapped in her mind  
**C**  
She feels more alive, she feels more alive  
**G**  
In her own dreams  
**D**  
And she s wondering what s beyond the sky, could she see the light if  
**C**  
she falls asleep?  
**Em** **D** **C**  
Oh, cause she feels more alive in her own dreams

[Chorus]

**C**

So tonight she lies

**G**

Lifted up through her own roof

**D**

Dried eyes tonight

**Em**

**D**

There s nothing more that she could do

**C**

And they cry tonight

**G**

The daughter that they hardly knew

**D**

And she s lost in time
