Momma was a bit naive and her Daddy was a blinded thief
               F#
                                                            G#m
He went and stole away what was left of the remains of a family
G#m
She d hide away behind a door she kept locked
But the walls weren t thick enough to block out
                                                   G#m
The angry noises of the voices that once soothed her to sleep
[Chorus]
And she lies tonight
Underneath the caving roof
And she cries tonight
G#m
                F#
Wondering what she can do
And she tries tonight
Remembering who she once knew

                                                     G#m
To be able to get through all of a life s broken dreams
She watched her father live in regret
She heard her mother cry in an empty bed
And she swears this is the best life gets
[Chorus]
Oh, and she lies tonight
Underneath the caving roof
F#
And she cries tonight
G#m
Wondering what she can do
And she tries tonight
Remembering who she once knew

Another empty bottle takes a life
G#m E B F#
[Verse]
And every little bit, every little bit of her wants to see the light
                F#
Oh, but every single night another little bit of her dies inside
F#
She s trapped in her mind
She feels more alive, she feels more alive
В
In her own dreams
                     F#
And she s wondering what s beyond the sky, could she see the light if
she falls asleep?
Oh, cause she feels more alive in her own dreams
[Chorus]
