Misc Unsigned Bands

VERSE 1:

A **F#m** **E**
I am not afraid to show you what s goin through my head
A **F#m** **E**
Unlike the girls with the short bangs who leave me in this corner like I m deaf

A **F#m** **E**
You play a game, and I m like Bambi waitin , starin you down

PRECHORUS:

F#m **E**
What goes on below my brains unseen
F#m **E**
Can t control my second personality
F#m **E**
But I can hide it long enough till you
F#m **E**
Throw an insult and you close in like you do

CHORUS:

A **E**
And it s brutal how you hurt me so good
F#m **E**
Like icing on a cake, I know I should
A **E**
Leave it alone, but I just want to know the way
F#m **E**
You entice me just enough to make me stay

VERSE 2:

On a smile and just take it like a bat
A **F#m** **E**
I am home but you re already on your way out past the grass

PRECHORUS:

F#m **E**
What goes on below my brains unseen

Can t control my second personality

Like icing on a cake, I know I should
Leave it alone, but I just want to know the way
You entice me just enough to make me stay
Leave it to me to grab the short end of the stick
While you taunt me, you re just thinking with your
