**Hm**

I woke up that day,

Unwell, With strange dreams

**G#m**

Of siamese twins,

**A**

I was deep under ground,

It was strange,

So strange,

I was scared.

**Hm**

I was here,

And I heard,

Some sounds screaming

**G#m**

From the deep well,

**A**

As something happened,

I was scared,

So scared,

It was strange.

**Hm**

No friends, no calls,

The sun is down,

**G#m**

Still waiting for the end of the day,

**A**

And nothing happened,

I was scared,

I was scared,

**Hm**

I was scared.

**Em**

There s something wrong

Within my head,

**C**

I feel like as

**Em**

I am a freak.

**Hm**

Next day, fire, on the ground,

**G#m**

I ve been to the lake of blood,

**A**

To meet the witch of my dreams,

She was here within my head.

**Hm**

Ghost days,

The fog was gone,

And the sun is crown,

The streets are green and

**G#m**

I m the king.

**A**

What the hell am I here for?

I was scared,

So scared,

**Hm**

So scared.

**Em**

There s someone else within my soul,

**C**

**Em**

I feel as I am a freak.

**Em**

I ve seen the evil

**Gm**

In a mirror of bones.

Into my grave,

**Ebm**

**Gm**

I ve seen this siamese twins.

**Gm**

I ve met the devil and

**Bbm**

he burned my eyes and

ate my brain,

**F#**

**Bbm**

Then killed my family.

**Bbm**

I m torn,

I m scared,

I m hurt..

**Hm**

Please help me to

ease my pain again.

**A**

**Hm**

It is reality
