you make me high; i can fly, touch the sky,

wherever you are

I feel free in ecstasy, just you and me

you save my day, pave the way, and you stay,

wherever you are

in my heart from the start we'll never part  
because our love is big, bigger than the two of us  
and words cannot describe, how i miss you so much.

I feel love in your arms, and I feel love when I'm with you  
I feel love in your eyes, Wherever you may be.
