

Latma - We Con The World  
Misc Unsigned Bands

Verse:

**E**  
There comes a time  
          **A**          **B**          **E**  
When we need to make a show  
          **A**          **B**          **E**  
For the world, the Web and CNN  
          **C#m**  
There s no people dying,  
          **G#m**  
so the best that we can do  
          **A**                                  **B**  
Is create the greatest bluff of all  
  
We must go on pretending day by day  
That in Gaza, there s crisis, hunger and plague  
Coz the billion bucks in aid won t buy their basic needs  
Like some cheese and missiles for the kids

Chorus:

**A**    **B**  
We ll make the world  
          **E**    **E7**  
Abandon reason  
          **A**                                  **B**  
We ll make them all believe that the Hamas  
          **E**  
Is Momma Theresa  
          **C#m**  
We are peaceful travelers  
          **G#m**  
With guns and our own knives  
          **A**                                  **B**                  **E**  
The truth will never find its way to your TV

Verse:

Ooooh, we ll stab them at heart  
They are soldiers, no one cares  
We are small, and we took some pictures with doves  
As Allah showed us, for facts there s no demand  
So we will always gain the upper hand

Chorus:

We ll make the world  
Abandon reason  
We ll make them all believe that the Hamas

Is Momma Theresa  
We are peaceful travelers  
we re waving our own knives  
The truth will never find its way to your TV

**C** **D** **E**  
If Islam and terror brighten up your mood  
**C** **D** **E**  
But you worry that it may not look so good  
**C#m**  
Well well well well don t you realize  
**G#m**  
You just gotta call yourself  
**A** **B**  
An activist for peace and human aid

Chorus:  
We ll make the world  
Abandon reason  
We ll make them all believe that the Hamas  
Is Momma Theresa  
We are peaceful travelers  
We re waving our own knives  
The truth will never find its way to your TV

We con the world  
We con the people  
We ll make them all believe the IDF is Jack the Ripper  
We are peaceful travelers  
We re waving our own knives  
The truth will never find its way to your TV  
We con the world (Bruce: we con the world...)  
We con the people (Bruce: we con the people...)  
We ll make them all believe the IDF is Jack the Ripper  
We are peaceful travelers  
We re waving our own knives  
The truth will never find its way to your TV  
The truth will never find its way to your TV
