Drink The Rain

Written by: Lauren Black & Dennis Woo

Verse 1:

G **G7sus4** **C**
I love waking up to the birds fly
Waking up to the blue sky
And sunshine

I love dancing out on the sidewalk
Watching the rain go drip drop

Chorus:

C **Cm** **G**
Even if the rain won t stop
C **Cm** **G**
Even when I m falling down, down, down
C **Cm**
I ll hold my head up high
G **D/F#** **Em** **D** **A** **C** **D**
Drink the rain and learn to fly away

Verse 2:

Sometimes we all hide behind the moon
Behind the clouds, turn away from good mornings
When we peak around our broken
Hearts we will find, the sun still waiting

Bridge:

Cm **G** **Em** **D**
C **G** **A** (**D**)
You were always
There for me, In the
broken times Your love lets me know

Em **D** **C**
I m not alone, anymore
