G#m

A

F#m

We ll be watched by twenty-four hundred eyes

A

E

of twelve hundred black santas

(same chords as the first verse and bridge)

Black santas line the windowsills and mantel

They hang from the stairway banister

You can t escape from the one in the guest bathroom

We ve even got a pez dispenser

I m living in an official Santa landmark

It s an embarrassing fact

I ll be surprised if you come to visit

And my love life stays intact

Please don t be turned off now

The fault here isn t mine

My parents are so proud of

Their year long Christmas shrine

Chorus

E

A

They see you when you re sleeping

E

A

They know when you re awake

Bm

B

They ll see us when we re hooking up

Bm

And when I masturbate

E

So you d better not pout

A

You d better not cry

E

If you go running out

A

I ll understand why...
