

**Letsmakeascene - Leaving It Behind Its Harder Than I Thought**  
**Misc Unsigned Bands**

Intro: (plucking)

**G Gaug**

Pluck:**G**: 6, 5, 5, 4, 3

**Gaug**: 5, 4, 4, 3, 2

**G**

If this little town is all we know, then why is it so easy to just let it go?

**Gaug**

We could leave in a heartbeat

**G**

Just forget it all and not look back, but we d never see anything wrong with

**Gaug**

that

**G**

Oh, this podunk sad excuse for a city has been good to me my whole life, holds my memories

**Gaug**

But I could leave so easily

**G**

I could go with every intention of never coming back, and I d never see

**Gaug**

anything wrong with that

CHORUS:

**Gaug**

This town may not be what we want, but right now, it s pretty much all we ve got.

We could stay here every minute or leave it behind; we could leave without thinking or just live our lives. Either way we go, this town is all we know

**G**

I know there s really nothing to do, but when you were younger, that didn t matter to you

**Gaug**

Would you believe it s been that long?

**G**

Fourteen years down, so much more to come, but could my time here really be

**Gaug**

done?

**G**

I know you won t say it, but this town is our home, hell, our school is where we played our first show

**Gaug**

I can t believe we d just forget that

**G**

we think we can take on anything that comes, but I don t want to think my

**Gaug**

time here is done

[CHORUS]

**G** (powerchord strumming)

Putting my teenage mentality aside

Gaug (powerchord strumming)

This town has pretty much been my whole life

**G** (powerchord strumming)

And while it sure is all I know

Gaug (standard strumming)

It s too damn easy to let it go

**G** (standard strumming)

I could forget this all an not look back, but I d just be moving on, and

**Gaug**

what s wrong with that?

[CHORUS]
