Translations (Acoustic) Tabs/Chords

Tabbed by Spencer Newton (Me)

Video of Me Playing/Singing the Song: <http://www.youtube.com/watch?v=vUWcyTPbb2s>

Standard Tuning (EADGBE)

Played the same way on the electric, but put a capo on 1st fret for correct key.
The acoustic is played without the capo.

Note: Whenever I say play the F chord, play the barre version.
