You both said things you shouldn t have,

And now she s getting in her cab,

Dm

You ve blown it once again,

Dm

Are you the one to blame?

Your stubbornness has held you back,

Delusion faded out the facts,

The drink outspoke your voice,

She says it s your own choice,

PRE-CHORUS:

Am

Dm

And the sentiment that echos through your mind

G

leaves you feeling so deprived

Bb

and there s no one there to help

Am

Dm

and the irony has lost itself on you

G

cause you ve always told the truth

Bb

Bbm

but now you re lying to yourself,

CHORUS:

Dm

the things that you don t do
they re hiding in your mind

F **F/E**
you wont appreciate

Dm

the things so close to you
until they re out of sight
