

Lily Madeleine - Back To The River

Misc Unsigned Bands

I m sure no one will ever see this one, but here it is. Loved the song, really easy to learn. First tab, but it sounds pretty good.

I know she plays an octave higher for her voice than her sisters, but I have only

one voice so kept it on the 2nd fret.

Have fun and buy the EP on Bandcamp!

CAPO ON 2ND FRET

Am C F C

If only my feet could fall as fast as a heart does

F C G

I would be so long gone

Am C F C

But I m stuck, stuck under your thumb

F C G

I can t get up

Am C F C F G

I can t get up, up

Hold **G**

I can t get up

Am C F C

If only my eyes could see as high as a mountain

F C G

Or wherever your heart s gone

Am C F C

But I have fallen on the bank of this river

F C G

I can t get up

Am C F C F G

I can t get up, up

Hold **G**

I can't get up

Am C F C
If only my heart could speak into this river

F C G
And you'd drink me up

Am C F C
I could be free of all these lonesome shivers

F C G
I could give myself up (give myself up)

Am C F C
We all go back to the river

F C G
We will all come undone

Am C F C
And there you will be, my love, with the faintest touch

F C G
And I will give myself up

Am C F C F G
Give myself up, up

Hold G
I will give myself up
