Chords by : Juscoolfella - Daryll Kyle

**D** **A** **Bm** **G**  
I reserve the right for once in my life  
**Em** **D** **A**  
To lay down in a field of grass  
**D** **A**  
I ll be still and quiet  
**Bm** **G**  
Just count the stars  
**Bm** **G**  
From here to Mars  
**A**  
I will hold my breath

**D**  
Until I don t care  
**A**  
Until I am sure  
**Bm** **G**  
Until I am strong just like before  
**D** **A**  
I will lie beneath the sky  
**G** **D**  
Til I don t love you anymore

**D** **A**  
Until the stars refuse to shine  
**Bm** **G**  
And the moon won t come at night  
**D** **A**  
I won t cry, just close my eyes  
**G** **D**  
Til I don t love you anymore

I d walk through the fire for one last time  
Just to stand beside your flame  
But what good would that do if I can t have you?  
How much longer must I wait?

Until I don t care  
Until I am sure  
Until I am strong just like before  
I will lie beneath the sky

Til I don t love you anymore

Until the stars refuse to shine  
And the moon won t come at night  
I won t cry, just close my eyes  
Til I don t love you anymore

**Em** **A**  
Does anybody really know  
**F#m**  
Why somebody loves someone?  
**G** **Em** **A**  
The way that I belonged to only you  
**Em** **A**  
If anyone could tell me how  
**F#m**  
How to go on from now?  
**G** **Em**  
I would simply do without you  
**A** **Asus4 A**  
I d just count the hours

Until I don t care  
Until I am sure  
Until I am strong just like before  
I will lie beneath the sky  
Til I don t love you anymore

Until the stars refuse to shine  
And the moon won t come at night  
I won t cry, just close my eyes  
Til I don t love you anymore

Until I don t care  
Until I am sure  
Until I am strong just like before  
I will lie beneath the sky  
Til I don t love you anymore

Until the stars refuse to shine  
And the moon won t come at night  
I won t cry, just close my eyes  
Til I don t love you anymore

Until I don t care  
Until I am sure  
Until I am strong just like before  
I will lie beneath the sky  
Til I don t love you anymore

Until the stars refuse to shine  
And the moon won t come at night  
I won t cry, just close my eyes

Til I don t love you anymore
