=====
Okay, so this is my first post after joining, and since I didn't see any songs of the same title in this site, I decided to submit one. It's only TV size, but you'll get the idea. Most of the credit goes to a

certain someone out there from the net, and I just added up some parts to my liking of style.

Also, I devote this post to a friend who ll be studying in Canada this coming school year.

Happy lives!
