F Am Am7 G G/C G (x4)

F Am Am7 G G/C G

The Tree spoke to me

F Am Am7 G G/C G

Telling me secrets of sights un seen

F Am Am7 G G/C G

The Tree spoke to me

F Am Am7 G G/C G

Telling me what will be

C G

What to do should I tell you?

Dm

Could it be our place to choose,

Am

Or either way, do we lose?

C G

What if the sun were to go black tomorrow?

Dm

Would you lie, beg, steal, or swallow

Am

Down the fear, and hold me near

F Am Am7 G G/C G

F Am Am7 G G/C G

I saw visions in a stream

F Am Am7 G G/C G

Telling me to chase my dreams

F Am Am7 G G/C G

Turn my back on every thing

F Am Am7 G G/C G

The growing black inside of me

C G

What to do, should I tell you?
That like that sky sometimes I m blue
Would you hate me like I hate me too?
What if our time were to expire?
Would it light in me a fire
And rekindle my desire?

Who s to say, I can think all day
And in the end it s my game to play
It s the song to which I sway
So I ll take the advice of the trees and streams
Face the mirror, combat the screams
And chase the sun, Harboring dreams
F Am Am7 G G/C G (repeat to fade)

Beautiful song I found on online. Check it out here:
